

## Math Requirements for 2011-2012 catalog year – Revised as of April 28, 2011

College/Major	Math Requirement
<b>College of Arts and Sciences</b>	
Biochemistry (BA)	If you are a Biochemistry (BA) major, you will need to complete Math 1710.
Biochemistry (BS)	If you are a Biochemistry (BS) major, you will need to complete Math 1710 and Math 1720.
Biology (BA)	If you are a Biology (BA) major, you will need to complete one math course from either Math 1680, Math 1681 or Math 1710.
Biology (BS)	If you are a Biology (BS) major, you will need to complete Math 1710.
Chemistry (BA)	If you are a Chemistry (BA) major, you will need to complete Math 1710 and Math 1720.
Chemistry (BS)	If you are a Chemistry (BS) major, you will need to complete Math 1710 and additional higher level mathematics courses.
Communication Studies (BA)	If you are a Communication Studies (BA) major, you will need to complete one math course from the following list: Math 1180, Math 1580, Math 1581, Math 1680, Math 1681, Math 1190, or higher level mathematics course.
Converged Broadcast Media (BA)	If you are a Converged Broadcast Media (BA) major, you will need to complete one math course from the following list: Math 1180, Math 1580, Math 1581, Math 1680, Math 1681, Math 1190, or higher level mathematics course.
Dance (BA)	If you are a Dance (BA) major, you will need to complete one math course from the following list: Math 1180, Math 1580, Math 1581, Math 1680, Math 1681, Math 1190, or higher level mathematics course.
Dance (BFA)	If you are a Dance (BFA) major, you will need to complete one math course from the following list: Math 1180, Math 1580, Math 1581, Math 1680, Math 1681, Math 1190, or higher level mathematics course.
Economics (BA)	If you are an Economics (BA) major, you will need to complete one math course from Math 1190, or Math 1710.
Economics (BS)	If you are an Economics (BS) major, you will need to complete MATH 1710, 1720 and may need additional higher level mathematics courses.
English (BA)	If you are an English (BA) major, you will need to complete one math course from the following list: Math 1180, Math 1580, Math 1581, Math 1680, Math 1681, Math 1190, or higher level mathematics course.
French (BA)	If you are a French (BA) major, you will need to complete one math course from the following list: Math 1180, Math 1580, Math 1581, Math 1680, Math 1681, Math 1190, or higher level mathematics course.

## Math Requirements for 2011-2012 catalog year – Revised as of April 28, 2011

General Studies (BA)	If you are a General Studies (BA) major, you will need to complete one math course from the following list: Math 1180, Math 1580, Math 1581, Math 1680, Math 1681, Math 1190, or higher level mathematics course.
Geography (BA)	If you are a Geography (BA) major, you will need to complete Math 1680 or 1681.
Geography (BS)	If you are a Geography (BS) major, you will need to complete Math 1680 or 1681 and may need to complete additional higher level mathematics courses.
German (BA)	If you are a German (BA) major, you will need to complete one math course from the following list: Math 1180, Math 1580, Math 1581, Math 1680, Math 1681, Math 1190, or higher level mathematics course.
History (BA)	If you are a History (BA) major, you will need to complete one math course from the following list: Math 1180, Math 1580, Math 1581, Math 1680, Math 1681, Math 1190, or higher level mathematics course.
International Studies (BA)	If you are an International Studies (BA) major, you will need to complete one math course from the following list: Math 1180, Math 1580, Math 1581, Math 1680, Math 1681, Math 1190, or higher level mathematics course.
Linguistics (BA)	If you are a Linguistics (BA) major, you will need to complete one math course from the following list: Math 1180, Math 1580, Math 1581, MATH 1680, Math 1681, Math 1190, or higher level mathematics course.
Mathematics (BA)	If you are Mathematics (BA or BS) major, you will need to complete MATH 1710 and additional higher level mathematics courses.
Mathematics (BS)	If you are Mathematics (BA or BS) major, you will need to complete MATH 1710 and additional higher level mathematics courses.
Medical Laboratory Sciences (BS)	If you are a Medical Laboratory Sciences (BS) major, you must complete Math 1680 or 1681.
Philosophy (BA)	If you are a Philosophy (BA) major, you will need to complete one math course from the following list: Math 1580, Math 1581, Math 1680, Math 1681, Math 1190, or higher level mathematics course.
Physics (BA)	If you are a Physics (BA) major, you will need to complete MATH 1710 and additional higher level mathematics courses.
Physics (BS)	If you are a Physics (BS) major, you will need to complete MATH 1710 and additional higher level mathematics courses.
Political Science (BA)	If you are a Political Science (BA) major, you will need to complete one math course from the following list: Math 1180, Math 1580, Math 1581, Math 1680, Math 1681, Math 1190, or higher level mathematics course. Math 1680 or Math 16811 is highly recommended.

## Math Requirements for 2011-2012 catalog year – Revised as of April 28, 2011

Professional & Technical Communication (BA)	If you are a Professional & Technical Communication (BA) major, you will need to complete one math course from the following list: Math 1180, Math 1580, Math 1581, Math 1680, Math 1681, Math 1190, or higher level mathematics course.
Psychology (BA)	If you are a Psychology (BA) major, you will need to complete one math course from the following list: Math 1180, Math 1580, Math 1581, Math 1680, Math 1681, Math 1190, or higher level mathematics course. Math 1680 is highly recommended.
Psychology (BS)	If you are a Psychology (BS) major, you will need to complete one math course from the following list: Math 1180, Math 1580, Math 1581, Math 1680, Math 1681, Math 1190, or higher level mathematics course. Math 1680 is highly recommended.
Radio, Television and Film (BA)	If you are an RTVF (BA) major, you will need to complete one math course from the following list: Math 1180, Math 1580, Math 1581, Math 1680, Math 1681, Math 1190, or higher level mathematics course.
Social Science (BA)	If you are a Social Science (BA) major, you will need to complete one math course from the following list: Math 1180, Math 1580, Math 1581, Math 1680, math 1681, Math 1190, or higher level mathematics course.
Spanish (BA)	If you are a Spanish (BA) major, you will need to complete one math course from the following list: Math 1180, Math 1580, Math 1581, Math 1680, Math 1681, Math 1190, or higher level mathematics course.
Speech-Language Pathology/Audiology (BA)	If you are a Speech-Language Pathology/Audiology (BA) major, you will need to complete Math 1680 or Math 1681.
Theatre (BA)	If you are a Theatre (BA) major, you will need to complete one math course from the following list: Math 1180, Math 1580, Math 1581, Math 1680, Math 1681, Math 1190, or higher level mathematics course.
<b>College of Business</b>	
All Business Majors	If you are a Business major, you will need to take MATH 1190, or MATH 1710. If you have further questions, please see a College of Business advisor. MATH 1180 is the recommended pre-requisite for MATH 1190.
